

GENERAL SERIES

PRODUCT INTRODUCTION

General Series are designed for different types of applications, such as small UPS, home energy storage, portable mobile power supply and Recreational Vehicle, which is the best choice of small capacity, long time standby or cyclic use. BMS is built into the battery system, which is responsible for collecting and analyzing the voltage, temperature and current of each cell.

APPLICATION

Small UPS , home energy storage, portable mobile power supply, recreational vehicle, solar system , other energy storage area.

MAIN ADVANTAGE

- The safest lithium-ion battery technology-lithium iron phosphate
- Long cycle life-20 years design life
- Intelligent BMS
- Support multiple serial and multiple parallel connection
- Fast charging and discharging, safe and efficient

Model	Voltage V	Capacity Ah	Dimension (mm)			Terminal	Weight kg	Discharge current(A)		Serial connection	Bluetooth	LCD	Heating
			L	W	H			continuous	pulse/5S
