

SY WALL MOUNTED SERIES

PRODUCT INTRODUCTION

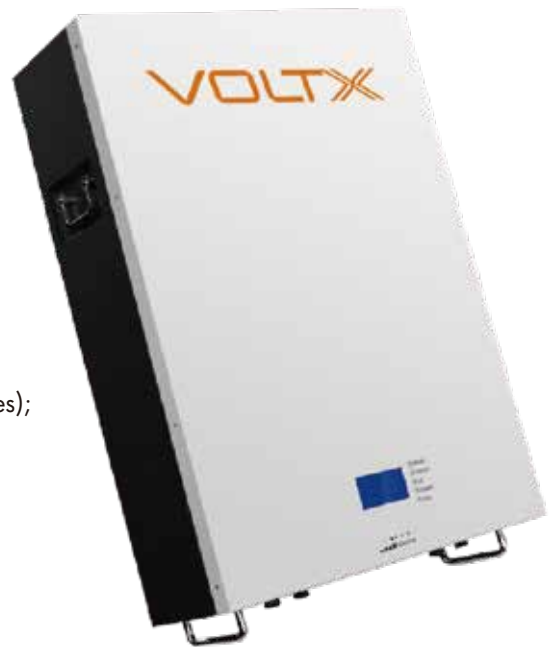

VoltX power uses lithium Ion cells on the basis of retaining the appearance of standard lead-acid batteries to develop high-energy density, high-safety, and intelligent lithium Ion battery products. Covers multiple voltage ranges such as 12V, 24V, 36V, 48V, etc. The product supports 6 units in series and multiple groups in parallel; complete models; long service time, supports multiple customizations, and provides users with a full range of energy solutions.

APPLICATION

Camping RV, low-speed vehicle, small UPS, AGV Marine, Solar system, Cleaning Machine, Other energy storage areas.

MAIN ADVANTAGE

- Lithium Ion phosphate batteries, safe and reliable;
- Plug-in terminals, easy to operate;
- Long cycle life (1C charge and discharge, 80% DOD 5000+ times);
- 20-year design life, 5-year warranty
- High magnification output,
- Fast charge and discharge;
- Intelligent balance, good consistency;
- LCD power display
- Support Bluetooth (optional)
